Historic Townhouse with Pool and Garage - Luxury and Tradition in the Heart of Sineu
Elegant, fully renovated townhouse located in the medieval historic center of Sineu, ready to move into and with exceptional character. The building, over 100 years old, has been completely restored under the supervision of the Heritage Commission of the Consell de Mallorca, carefully preserving its original architectural elements. The renovation was carried out by a specialist company, ensuring the strict preservation of historical details such as the hand-painted roof tiles from the 16th to 19th centuries, the original stone arches, and the restored windows. All the installations (electricity, plumbing, water, and air conditioning) are brand new.
